AUSTRALIAN PRODUCT
 Australian Patent No. 2006201627
 International Patent Pending No. 2005901954

Wrin Products operates a policy of continuous product development and refinement and therefore reserves the right to make design and technical changes without giving prior notice.

WRIN Handles are designed to facilitate safe and easy operation of the release trigger on Safety Hooks.

External loading shall not be applied to WRIN Handles via Tag Lines or by any other method.

If a Tag Line is attached to WRIN Handle, the Tag Line shall:-

- be restrained by manpower ONLY
- not be fixed or looped to fixed objects
- be kept clear of snag points

Care shall be taken at all times to ensure that hook with WRIN Handle attached is kept clear of all objects that may cause damage to hook and/or WRIN Handle.

Hooks with WRIN Handles attached should be checked for damage on a regular basis. Replace immediately any hook and/or WRIN Handle damaged in any way.
